

Can I install the film myself?

3M recommends that a trained, certified installer apply the film because of the complex curves and contours on today's cars. Warranty is valid only if film is installed by a certified installer.

Can the film be removed?

Yes, the film can be removed if you wish. To get the best results, ask your certified installer to remove it.

Where can I buy this product?

Contact your favorite new car dealership and ask for it by name – Scotchgard™ Paint Protection Film. Visit our website below to find a certified installer near you.

You just bought
a **new** vehicle!

now is the time...

...to protect your new purchase.

It could happen at any time...your first rock chip, scratch, scrape or scuff.

- You did your homework.
- You talked to friends.
- You researched your purchase online.

Make the next smart move and protect your flawless new vehicle.

Statistics show that in today's economy, you will keep your vehicle longer, so you'll want to keep it looking great for the long haul.

You want something that protects, is rugged yet virtually invisible, and takes the brunt of what the road throws at your vehicle day after day for years to come.

You want the strength and durability of Scotchgard™ Paint Protection Film.

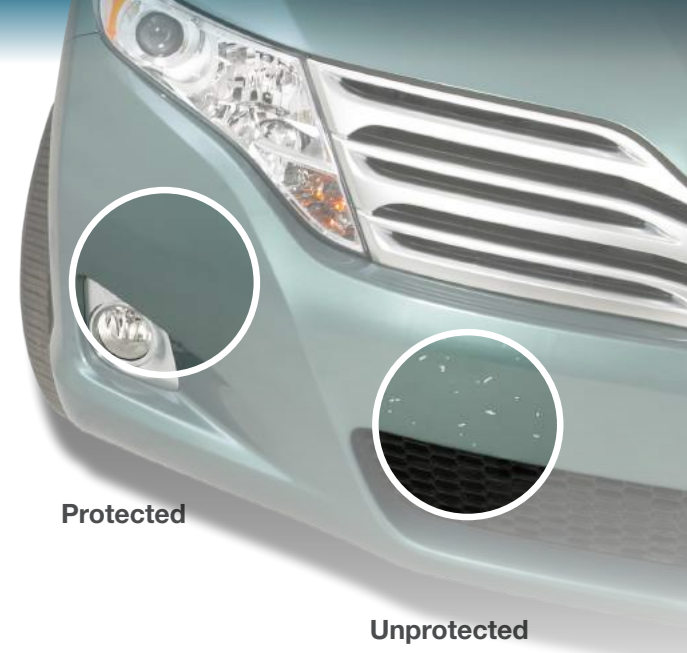

Paint Protection Film

What is Scotchgard™ Paint Protection Film?

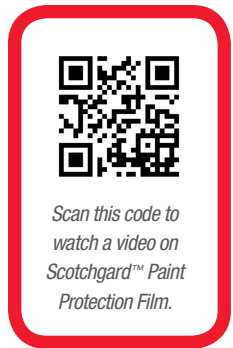

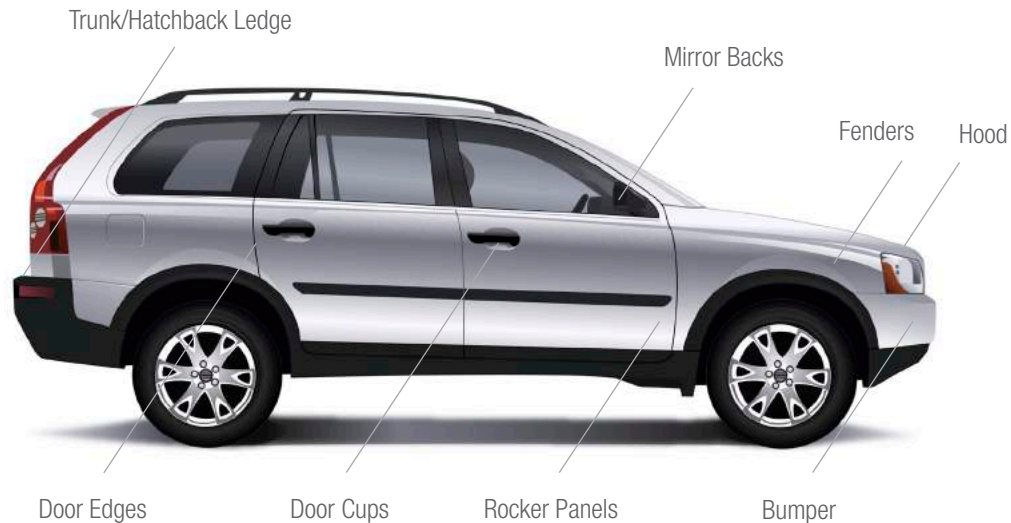

Scotchgard Paint Protection Film is an extremely durable, colorless urethane film that is applied to high-impact areas of your vehicle and helps protect it from damaging road debris.

Protects:	From:
Hood, fenders, mirror backs	Rock chips from flying gravel; bug acids and tar
Rocker panels	Sand and stones kicked up by tires
Trunk ledge	Loading articles into the trunk
Door edges	Parking lot door dings
Door cups	Scratches from keys and rings
